

a superior learning opportunity

Dear Parents,

Welcome! We would like to thank you for choosing Great Lakes Educational Group to assist your child in preparing for the ACT by enrolling for our ACT SUCCESS course. As many of you are aware the ACT is one of the most important factors in determining college admissions. We invite you to take this journey with your child and be involved in their test preparation course. Below you will find a list of ideas and suggestions that we feel will assist your child in reaching their highest potential on the ACT.

- ✚ Each student will receive an ACT SUCCESS course book the first day of class. They are expected to bring this book to class each week, along with a pencil and a calculator.
- ✚ Weekly homework will be assigned after every session. It is very important that each student completes their homework each week. It is a good idea to sit down together and develop a plan for completing homework. We recommend spreading out the time when completing the assigned work. We do not recommend completing it all in one sitting or day.
- ✚ Each child will be assigned three practice tests throughout the seven weeks. It is best to take the test under “real test-taking” conditions. We suggest taking the test in the morning, complete the entire test at one time, and make sure to time each section.
- ✚ Participation in the class is the key! Encourage your child to ask questions and be involved. It is also recommended to ask them after each session how it went, what did they learn, and what is their homework for the week.

Enjoy this journey with your child and work with them to make the ACT a SUCCESS!
